Vinnytsia Institute of University “Ukraine”

HANNA DAVYDENKO
Professor, Doctor of Pedagogical Sciences,
Director of Vinnytsia Institute of University «Ukraine»

OUR PHILOSOPHY: EDUCATION WITHOUT BARRIERS

Diversity as a resource: We perceive differences not as an obstacle, but as an opportunity to learn new things from each other.

Equal opportunities, not identical conditions: We create individual success trajectories for each student, taking into account their unique needs.

Acceptance and respect: Our institution is a safe space where every individual feels their value.

“INCLUSION IS WHEN EVERYONE FEELS AT HOME”

INNOVATIONS AND DEVELOPMENT VECTORS

International Cooperation and Academic Mobility:

- *Participation in the Erasmus+ program and preparation for exchanges with EU universities.*
- *Double degree program, allowing students to receive educational documents of both Ukrainian and European standards.*

Practical Hubs and Development Centers:

- *Operation of specialized centers: Psychological centers "Insight" and "PERSONA," and a Legal Clinic.*
- *Development of "soft skills" through clubs: "Mediation," "Leadership," "Creative Space," and "Meditation".*

Social Innovations and Inclusion:

- *Activity of the Women's Entrepreneurship Support Center "InclusiveShe".*
- *Implementation of inclusive educational models and support programs for veterans, IDPs, and families affected by the war.*

Synergy of Theory and Practice:

- *Combining academic programs with practically oriented clinical training and social projects.*

EDUCATIONAL PROGRAMS AND MAJORS

We train specialists in relevant areas that meet the needs of the modern labor market:

- ⚖️ *Law*
- 🧠 *Psychology*
- 🏥 *Therapy and Rehabilitation*
- 🤝 *Social Work and Counseling*
- 💼 *Management*
- 💰 *Finance, Banking, Insurance, and Stock Market*

Continuous Professional Development:

Professional development courses are available at the institute for practitioners in education, psychology, physical therapy, social work, law, and managemen.

MAJOR: “PSYCHOLOGY”

Practical Experience During Studies:

Students have the unique opportunity to acquire skills based on the institute's own units:

- Psychological Center "Insight"
- Psychological Center "PERSONA"

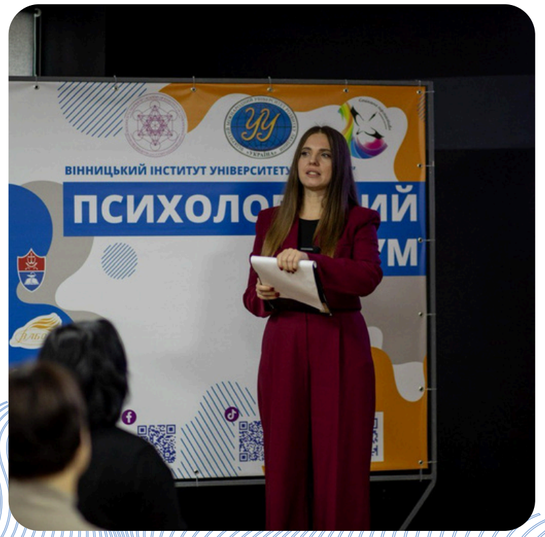

Personal Development and Professional Skills:

- Participation in thematic circles and clubs: "Mediation," "Leadership," and "Meditation".
- Involvement in social projects and support programs for veterans and war victims.

Career Prospects:

Graduates successfully work in medical and educational institutions, government agencies and NGOs, business structures (HR, business training), and conduct private consulting practices

MAJOR: “THERAPY AND REHABILITATION”

Dual Education and Practical Approach:

- *Implementation of dual education elements allows students to combine theory with practice from the very first years.*
- *Training is aimed at mastering modern rehabilitation technologies and working in multidisciplinary teams.*

Key Clinical Practice Bases:

Students gain unique experience at leading medical institutions with which the institute cooperates closely:

1. PE "OrthopedServiceCenter" (Department Branch): Participation in multidisciplinary rehabilitation teams and creating individual recovery programs.

2. Podillia Regional Oncology Center: Specifics of physical therapy and rehabilitation support in oncology.

3. Vinnytsia Regional Children's Clinical Hospital: Features of pediatric rehabilitation and recovery of children with various pathologies.

Social Mission:

- *Students actively join the rehabilitation of veterans and military personnel, helping them restore functional capabilities.*

EDUCATION IN REAL CLINICAL SETTINGS

MAJOR: “SOCIAL WORK AND COUNSELING”

A PROFESSION WITH A HIGH MISSION

Students acquire practical skills in real conditions thanks to dual education elements.

• Unique practice base at PE "OrthopedServiceCenter," where students join multidisciplinary patient support teams.

Real Social Projects:

Students implement important initiatives during their studies:

• Support for veterans: Participation in the project "Spirit Strength: Psychological Support for Warriors," helping with the social adaptation of defenders.

• Women's leadership: Activities of the "InclusiveShe" support center.

• Vulnerable categories: Support programs for IDPs, families, and children affected by the war.

Development of Professional Competencies:

• Mastering conflict resolution skills in the "Mediation" club and developing managerial qualities in the "Leadership" club.

• Cooperation with state social services and NGOs in the region.
